

The Florida Behavioral Health Collaborative Pediatric Hotline

Offers a coaching experience between child and adolescent psychiatrists and pediatric primary care providers

1-866-487-9507

Consultations are available to all providers regardless of insurance carrier caring for children/youth up to 21 years old.

Meet the Psychiatrists: Getting to Know You

September 12, 2022, 12:00pm – 12:30pm EST

Please join the USF-Health child and adolescent psychiatrists, who answer the Florida Behavioral Health Collaborative Pediatric Hotline, with your questions regarding the behavioral health concerns of your patients.

This Webinar is Designed to:

1. Meet the psychiatrists, building relationships
2. Discuss the benefits of the Pediatric Hotline in the context of the scarcity of child and adolescent psychiatrists
3. Provide good directions and advice
4. Facilitate a scheduled telepsychiatry consult, if needed

We look forward to seeing you in September!
